Bill _____ Resolution XX

SB-85F-190

1. Whereas, the need for strong safety and crime prevention measures is a
2. great concern for students here at UNF, and
3. Whereas, the UNF Police Department has expressed an urgent need not only
4. to SAC but also to the University and the office of Student Affairs,
5. that there is a great concern for more stringent Crime presentation measures, and
6. Whereas, the Student Advocate Committee along with the UPB feels that the
7. need for better crime deterrents are an important part of University life,
8. especially at the University Housing, and
9. Whereas, the University Police Department has continually requested that
10. the University needs to address the issue of Crime prevention in the
11. area of Housing with the installation of an inexpensive, but effective
12. crime prevention device in the form of a DOOR VIEWER located in each
13. apartment in Housing to protect the students from unwelcome intruders, and
14. Whereas, the University Police Department also has requested, as an extremely
15. important and vital need, an Emergency Phone to be located, near the
16. Housing laundry, which is located in an isolated area.
17. Therefore, let it be resolved that the Student Government Association, (i.e.
18. Senate Body), express this concern in a letter of recommendation to Dr. Hansford
19. to strongly urge the University to initiate the installation and funding for
20. these worthy projects involving the Door Viewer and Emergency Phone that
- will greatly enhance the safety of the students of UNF and serve the best
- interests and needs of not only the students, but all members of the University
- in general.
